THE BLOW ALMOST KILLED THE HOUSE

THE GOVERNOR VETOED THE HOUSE EXPENSE BILL—MEMBERS NEED THE MONEY—THE FACT THAT THE HOUSE WAS ONLY A PART OF THE LEGISLATURE INSTEAD OF THE WHOLE THING, WAS LEFT OUT.

The House this morning got a shock that made the members mad clear through. Paale proposed deserting the halls of legislation and Fernandez moved an adjournment for three days, eliciting a chorus of kokuas. It was all because that Governor Dole vetoed the bill appropriating \$13,000 for expenses of the session. Twice Speaker Beckley saved the day by running things with a firm hand, and the House finally settled down to work.

The Governor's veto was based on purely technical grounds, but it was a bitter pill to swallow, for there are some representatives who need the money. Paale moved to override the veto, and the motion would have carried, but for Beckley's statement that the veto was a proper one. He announced that the Senate had referred it to its Judiciary Committee and that this was the proper course for the House and the House at once did it. Had the veto been overridden the Treasurer would probably refuse to pay the money, said Chillingworth, and then the House would be worse off than ever. A new bill will therefore be passed as soon as possible.

Governor Dole's objections were not to the provisions of the bill, but to its wording. His message was as follows:

"I am unable to approve of a bill entitled 'An Act to appropriate money for the purpose of defraying the expenses of the Extra Session of the House of Representatives of the Territory of Hawaii of the year 1903, from the Public Treasury,' received from the Legislature May 26, and return the same herewith without my signature.

"My objections to the bill are as follows:

"Section 1 of the act appropriates money for defraying the expenses of the Extra Session of the House of Representatives of the Territory of Hawaii of the year 1903.

"While the senate may sit in special session an extra or special session of the House is unknown to the law.

"SANFORD B. DOLE,
Governor."

As a result of this veto, the Senators, whose bill was held up so long by the House, get their money first. The House must wait a week or so.

Work was begun at once on the preparation of a new bill, with a view to sustaining the veto and passing the new bill at once. The amount will probably be the same, but the wording those hours.

BOARD OF PHARMACY.

Governor Dole this morning sent a message to the Senate nominating a Board of Pharmacy in accordance with the terms of the bill passed at the last session of the legislature. The nominees who were at once confirmed, are R. B. Reedy, Dr. W. E. Taylor and Samuel S. Peck.

WAR SHIP SAILING.

The departure of the battleship Wisconsin for Yokohama has been set for tomorrow morning at 10:30 o'clock. The departure of the U. S. S. Iroquois for Midway Island, has been set for 5 p. m. tomorrow. There will be a reception aboard the battleship this afternoon from 1 to 5 p. m. The public will be permitted aboard the vessel during those hours.

SNAP FOR DR. GOTO

BOARD OF HEALTH ABOUT TO SEND FOR HIM TO TREAT LEPROS AT MOLOKAI—LIBERAL APPROPRIATION FOR HIM WITHOUT ANY DEFINITE STATEMENT OF WHAT HE SHALL DO FOR IT.

The emergency bill contains an appropriation for the purchase of some of the Goto medicine for lepers, also \$3,000 for Dr. Goto himself, to induce him to come to the islands and treat lepers at Molokai, and the Board of Health is preparing to communicate with Goto at once in the effort to carry out the intent of the appropriation, but it is very doubtful whether anything can be done within the time of the appropriation.

"We shall send to Dr. Goto and try to use the appropriation," said Dr. Cooper, President of the Board of Health, "but I don't know whether there will be time enough or not, or what Dr. Goto will say."

The appropriation lapses at the end of next month, so that Goto and his remedies will have to be here by then, if anything is to be done in the matter. The appropriation says: "Purchase of Dr. Goto's medicines, \$3,000; Dr. Goto to treat lepers at Molokai, \$3,000." There is nothing said about how long Goto shall treat lepers at Molokai, nor how many lepers he shall treat, and if he went to the settlement and spent a week there he would be complying with the terms of the law allowing him \$3,000."

SENATE HAS WHIP HAND

Can Laugh at House Now as Appropriation For House Was Vetoed Leaving Representatives Without Cash.

A short time ago the members of the House were delighted over the prospect of being able to humble the proud and haughty Senate. It was thought by the members of the House that the Senate would have to grovel to them for additional appropriations for expenses of the extra session. This morning the tables were turned of the House, and if there is to be any grovelling, it will probably be done by the lower body of the legislature.

This morning the Senate received from the Governor the notice of the veto of the House bill appropriating \$13,000 for expenses of the House for the extra session. The Governor vetoed the measure on the ground that under the Organic Act, the House cannot meet in extra session. Only the Senate or legislature can meet in such session. Had the bill of the House been worded so as to be for the expenses of the "House of the Legislature of the Territory of Hawaii in extra session," the measure would have been signed by the Governor.

The Senate's appropriation of \$5,000 has been signed but the House is now "up against it." The lower members will have to eat humble pie, as the Senate has the whip hand. The Senators think the situation highly amusing.

After the confirmation of the members of the pharmacy board, the Senate took a recess until 2 p. m. today.

DICKEY'S NICKEL IS NOT A MUCKLE

JUDGE DE BOLT DECIDES THAT THE DISTRICT COURT JURIST CAN'T RIDE ALL DAY FOR FIVE CENTS, BUT MUST ANTE AGAIN EVERY TIME HE TAKES CARS—BLOW AT A POPULAR INNOVATION.

Judge Dickey will have to pay two fares when he wants to loop the loop of the Rapid Transit Company. Circuit Judge De Bolt this morning handed down a decision reversing Judge Wilcox in Dickey's suit for \$100 claimed as damages because he was called upon to pay two fares to make the circuit of the line, from Keeaumoku and King streets by way of Punahou and Wilder avenue and back again. Dickey got on a Waikiki bound car at King and Keeaumoku streets. At McCully street he asked for a transfer to a Wilder avenue car going up through Punahou and down town by the Wilder avenue or mauka route to Liliha street, where he might transfer again and repeat the performance, looping loops all day long for five cents. The conductor wouldn't stand for it and neither will Judge De Bolt. The decision says:

"Plaintiff's trip being continuous the sole question thus presented for determination is whether or not the two cars on which the trip was made ran upon connecting lines or upon two separate and distinct lines. This question involves the construction of the said subdivision of said Section 9, as read in the light of the first subdivision and also its application to the facts of this case. It reads as follows:

"Upon a continuous trip persons riding upon the cars, and transferring from one car to another upon a connecting line within the limits above mentioned shall be entitled to a transfer ticket without the payment of an extra fare upon the lines of this railway."

"Plaintiff contends that the two lines are connecting lines, and, being within the limits as prescribed in said 1st subdivision of said Section 9, i. e. being between Diamond Head and Moanalua he was entitled to the transfer as requested by him, notwithstanding that he would thus be able to take a trip from east to west and from west to east over either line and return on the other line to his starting point and so continue at his pleasure for one fare.

Counsel for the defendant on the other hand contends that the two lines are entirely separate and distinct and are not connecting lines, but are parallel lines with two points in common, and that the giving of transfers as heretofore to any person riding continuously toward Diamond Head or Moanalua, is in accordance with a reasonable construction of the statute and all that the Legislature intended or contemplated and further contending that it is unreasonable and not within legislative intent that a person can start from either of the common points above mentioned and by requiring transfers return to the point of starting for one fare, or if he so desires to continue riding around and around all the time for one fare between Liliha and McCully streets, on either line and either way.

"This contention on the part of counsel for defendant in my opinion is sound and reasonable. I cannot believe that the Legislature intended or contemplated any such absurd and unreasonable consequences as the contention of plaintiff would lead to. I consider the rules and regulations of defendant in harmony with a reasonable and common sense construction of the statute and a full compliance with the intent thereof. If to the phrases, 'a continuous ride anywhere between Diamond Head and Moanalua' and 'upon a connecting line' we apply the test of reason and common sense the conclusion is irresistible that this means one and a continuous rider in one general direction, and cannot be construed into requiring the defendant to give two rides or a return trip for one fare. Whenever a

A CONSUL'S SALUTATORY.

Chinese Representative Addresses His Countrymen Asking Their Good Will.

The new Chinese Consul to Hawaii has just issued a salutatory address to his countrymen. In this he announces his appointment and his desire to perform the duties of his office to the satisfaction of those affected by his duties. He expresses a sincere desire to do right; says that he comes without any prejudices or bias, and asks the co-operation of the entire Chinese colony in establishing an era of good feeling. A copy of the address in large script is posted on the sidewalk in front of the United Chinese society today and there is always a crowd of Chinese around it reading it and commenting on it among themselves.

EVENING CONCERTS.

The Hawaiian Quintette club plays Thursday and Saturday night at the Favorite Concert Hall, corner Hotel and Bethel streets.

SAVINGS BANK.

Many people start in to save by fits and starts. They make deposits in a savings bank for two or three months and then stop and get into their old habits of spending what they earn. The Pioneer Building & Loan Association by requiring a monthly deposit of the same amount each month breaks them of the spending habit as they soon come to look upon their payments as a monthly expense that must be met. The interest earned for 1902 was 11 1/2%. The 26th series of Stock is now open for subscription. One share requires a payment of \$1.00 per month and when it matures is worth \$200.
